STRIKERS WOULD "INVADE" WEST VIRGINIA TOWN

Want Steel Workers In Plant Across River to Join Walkout.

GOVERNOR IS ASKED TO PREVENT PARADE SUNDAY

Governor Cox Asks Sheriff To Keep Him Advised As to Development.

Columbus, Sept. 26.—Upon receipt today of a telegram from Governor Cornell of West Virginia to the effect that five thousand men from Steubenville and other Ohio towns nearby are reported to be planning to cross the Ohio line into Hancock county, W. Va., for the purpose of compelling workers to quit their places, Governor Cox today wired W. C. Baker, sheriff of Jefferson county to use his best offices in order to prevent any possibility of conflict between citizens of Ohio and West Virginia.

In his telegram to Governor Cox, Governor Cornell of West Virginia said concerning the rumor of an attempted invasion of West Virginia by Ohio strikers "I will be regarded as an attack upon the sovereignty of West Virginia."

"I have no means of knowing whether the delegation in question contemplates anything which would be a violation of the laws of Ohio," said Governor Cox in his telegram to Sheriff Baker, "but I respectfully urge upon you to use your best offices in order to avoid any possibility of conflict between the citizens of this commonwealth and the state government of West Virginia."

The governor called upon Sheriff Baker to keep him advised of the developments.

HERE'S SUMMARY OF OHIO STRIKE SITUATION

Threatened action of Steubenville steel strikers to cross into West Virginia and attempt to organize the workers in the plant of the Westinghouse company at Weirton, W. Va., today resulted in Governor Cornell of West Virginia sending a telegram to Governor Cox stating that such an "invasion" of West Virginia "will be regarded as an attack upon the sovereignty of West Virginia."

Governor Cox immediately telegraphed Sheriff Baker of Jefferson county.

PERSECUTION IS ALLEGED IN SUIT AGAINST H. BUTT

Chas. W. Cornell Asks Damages in Sum of \$10,000—Case Grows Out of Charges Filed Against Cornell Here.

Charles W. Cornell of Johnstown, through his brother, Attorney Ernest Cornell of this city, this afternoon filed a petition in common pleas court against County Commissioner J. C. Butt and his son, Harold Butt, which Cornell alleges damages in the sum of \$10,000 for alleged malicious persecution and defamation of character.

The case is the result of charges filed by Harold Butt against Cornell, Russell Waite and Roy Kinn, who were charged with rape, which charge was later dismissed in Justice Bert O. Horton's court.

The matter was taken into court after Butt found his wife with others in a cottage at Buckeye Lake, the charge being made that she had been drugged.

10,000 SHIP BUILDERS THREATEN TO STRIKE

Portland, Ore., Sept. 26.—Ten thousand workers in ship yards of the Portland district will strike October 1 unless an order of Director General Ackerson of the shipping board, delaying wage increases recently agreed to until after the industrial conference at Washington, October 6, is rescinded. It was said here today by officials of the steel workers union.

PRESIDENT CLINGS TO ORIGINAL FIUME PLAN

Rome, Sept. 26.—(via Paris).—President Wilson's reply regarding the new proposals for the disposition of Fiume has been received. The newspapers announced today, and was found to insist upon the original view that the city should be internationalized and not annexed to Italy, becoming the center of a small buffer state between Italy and Yugoslavia.

The president does not insist, according to the press, upon a plebiscite in the buffer state at the end of 15 years as at first proposed and he consents to the rectification of the eastern frontier of Italy in favor of Italy in the district of Albania.

STRIKE INTEREST CENTERS IN THREE MATTERS FRIDAY

Youngstown Men Meet To Vote on Ending Strike In Steel Mills.

LAKE SEAMEN TO DECIDE IF THEY WILL JOIN WALKOUT

Big Committee May Call Bethlehem Workers To Leave Their Jobs.

Three important developments were pending today in the steel strike, any one of which have a vital bearing on the outcome of the great industrial struggle.

In Pittsburgh the national steel workers committee was to meet late today and a definite decision was expected in regard to calling on the 40,000 workers in the Bethlehem Steel plants Monday. In the company officials have so far shown no inclination to compromise, local union officials at Allentown expressed optimism over the prospect of a strike being averted.

In Youngstown, where the strikers have succeeded in completely tying up the steel industry in the Mahoning Valley district, meetings were announced of unskilled and semi-skilled workers to discuss the question of returning to work. Some mystery enveloped these meetings as both the strike leaders and the mill managers professed to know nothing of their origin.

The third development was promised at Cleveland where the executive committee of the Great Lakes Shipmen's Union, claiming to represent 15,000 seamen, engineers and men of allied trades, met to decide whether their organizations would declare a sympathetic strike. Such a strike authorized by the international unions.

With conditions in the steel centers remaining virtually unchanged, the senate investigation at Washington on the basis of attention on the sides. Samuel Gompers, veteran head of the American Federation of Labor, appeared before the labor committee today. Mr. Gompers opened his testimony with a statement that the question of union recognition, giving the workers a right to voice in determining the conditions under which they worked, was paramount.

In the meantime the usual conflicting claims were made by the opposing generals in the pivotal battle grounds of Pittsburgh and Chicago, but all definite news indicated no definite change in conditions.

In Pittsburgh two additional small plants closed and an attempt to reopen a line was reported by the police to have failed. The corporation officials made the customary claim that strikers continued to return to work at various points.

The management of the Illinois Steel company at Chicago announced that they had 4,000 men at work, most of whom, they asserted, were returning strikers. On the other hand, the strike leaders offered figures as proof that the strike was 100 percent effective at several points, 90 percent at Hammond, 95 at Gary and 98 at Indiana Harbor.

WANT EQUAL VOTE IN DEM. CAMPAIGN WORK

Atlantic City, N. J., Sept. 26.—Decentralization of campaign work which would give the north, west and south an equal voice with the east was one of the big questions to come before the executive committee of the Democratic national committee, which opened a two day conference here today.

The plan was said virtually to be assured of adoption. It contemplates the division of the country into four zones as follows:

Western to include New England and the middle Atlantic states with headquarters in New York; southern, including the south eastern states, with headquarters at Washington; middle western, including the central state with headquarters probably in Butte, Montana, and the western zone, comprising the Pacific coast and the southwest, with headquarters in Seattle or Portland.

Homer S. Cummings, chairman of the committee was said to favor the plan. Other matters to be taken up will include plans to organize the women of the country by states and for the financing of the Democratic political campaign next year. The committee will not consider candidates nor will it indicate a type of presidential possibility, Mr. Cummings announced.

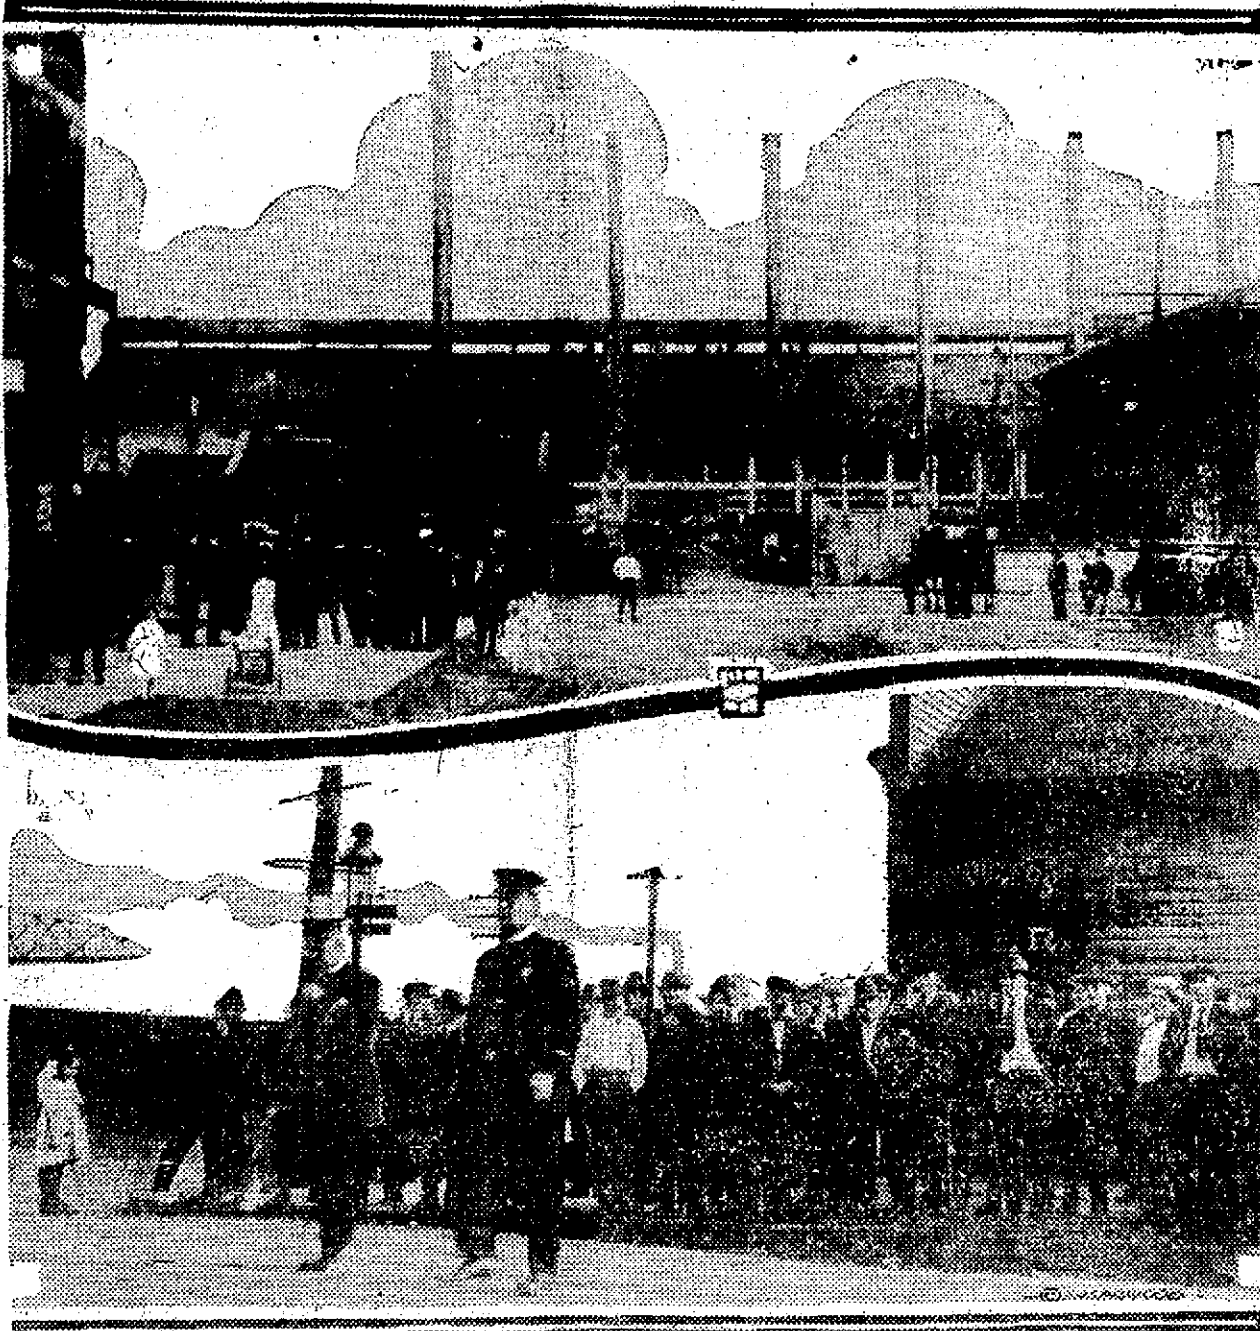

CITY WILL GET MORE ARMY CANNED GOODS

Mayor Atherton today received word that a car load of canned vegetables would be shipped to this city from the government supply station at Chicago. The consignment will consist of peas, beans and corn and will be retailed from the different fire stations over the city, the firemen acting as salesmen. No tomatoes were ordered as they were poor sellers. The mayor's information did not state when the car would be shipped or when it would arrive in the city but it will probably get in some time next week, due notice of which will be given.

PASSENGER PLANE'S TRIP IS DELAYED

Connellsville, Pa., Sept. 26.—The Lawson trans-continental airplane which landed here yesterday with 10 persons enroute from Washington to Dayton, O., will not proceed for three or four days. The machine was slightly damaged when forced to land because of high winds.

POLICE PREPARED TO QUELL DISORDERS AT IDLE STEEL PLANTS

Scenes in front of mills of Illinois Steel company, South Chicago.

Although no serious riots had occurred when these photos were taken, they show the police on the job prepared to deal with emergencies at one of the South Chicago steel mills. The upper picture shows a detail of patrolmen (at left side of gate), mounted police and motorcycle officer with machine (just inside gate), ready to disperse any crowd that gathers. The motorcycle policeman is also counted on as dispatch rider to summon help if needed. Below is shown a group of strikers before the same plant, being kept on the opposite side of the street from the factory by police.

GAS SUPPLY IS SUFFICIENT FOR NEXT 25 YEARS

Columbus Engineer Tells Public Utilities Commission Only Proper Conservation Is Needed In Ohio.

Columbus, Sept. 26.—Malcolm Jennings, secretary of the Ohio Manufacturers' Association, seeks to correct an impression which, he says, has gained ground rapidly, that the natural gas supply for Ohio is about to be exhausted. Competent experts, he says, declare with proper conservation it will last for 20 years.

Pleading to induce the state public utilities commission to call a conference of city officials and natural gas producers, distributors and consumers, with a view to clearing up the misunderstanding, Jennings suggests that citizens' committees, chambers of commerce and the like make surveys and what they can to set the public straight.

Promoters of artificial gas producing devices, he says, have urged many municipalities in Ohio to establish plants. This might prove to be costly experimentation, he said.

The utilities commission hesitated to call a conference for fear it would suit in a lot of speech-making without any reliable data being furnished, and really accomplish nothing," says a letter to Jennings from C. C. Marshall, chairman.

Marshall quotes S. S. Wyer, Columbus gas engineer, as follows:

"In my opinion if natural gas were properly conserved by the use of economical appliances by the consumers of natural gas there would be a sufficient supply to furnish a large percentage of the domestic consumers of natural gas in West Virginia, Pennsylvania and Ohio for the next 25 years."

COLUMBUS MAN IS NEW MANAGER NEWARK C. OF C.

Captain E. D. Leach of Columbus, Elected Acting Manager of Local Body By Directors.

Capt. E. D. Leach of Columbus, was unanimously elected acting manager of the Newark Chapter of Commerce by the board of directors' last night. Mr. Leach who assumes his new duties at once, succeeds T. J. Appleyard Jr., who resigned recently to enter private business in the south.

Captain Leach is a lawyer and business man who has had wide experience. During the time J. S. Hurzog was fuel administrator for Licking county Captain Leach was assistant fuel administrator of Ohio. He recently visited President W. W. Davis and while here met the directors of the Chamber of Commerce. Capt. Leach arrived in Newark this afternoon prepared to begin work immediately.

BURGLARS GET \$12,000. Youngstown, Sept. 26.—Burglars last night entered the building at New Waterford, Columbiana county, which houses both the bank and the postoffice securing \$12,000 in bonds from the bank and \$600 in stamps and \$200 in cash from the postoffice.

PRICES 15 PCT LOWER NEW YORK MEN SAY

New York, Sept. 26.—Prices of groceries quoted in the semi-weekly lists issued by the "fair price" committee here are 15 per cent lower today than they were the first of the year, while prices of meats have declined from 8 to 10 per cent. Arthur Williams, federal food administrator announced today.

PREDICTS RETURN OF INFLUENZA EPIDEMIC

Cleveland, Sept. 26.—Predicting the return of the influenza epidemic this winter, physicians and surgeons attending the annual national convention of the Phi Kappa Sigma fraternity declared today that the country is prepared to fight it as never before. Many of the 200 delegates, representing every state in the union and parts of Canada, believe the epidemic will be much less severe.

15 BILLIONS IN UNTAXED VALUES GUGLE ASSERTS

Friend of Classification Amendment Declares Intangible Property in Cleveland Alone Is Five Billions.

Columbus, Sept. 26.—Declaring that there is \$15,000,000,000 worth of intangible property in Ohio and that a rate of taxation assessed against these intangibles under classification would cause such an increase in revenues as to permit a reduction in the rate on real estate, George L. Gugle, manager of the campaign for adoption of the classification amendment today replied to a statement made yesterday by State Auditor Donahey against classification.

Donahey said it would be impossible to get \$5,000,000,000 worth of intangibles returned for taxation. Gugle in reply said there was as much as five billion dollars in intangible in Cleveland alone that was not now returned for taxation but which would be brought out if classification were adopted.

Gugle called attention to the fact that if classification should prove a failure, the repeal of the statute making the classification will be the only thing left to return to the United States rule of tax rule. With the initiative and referendum this would be an easy matter, he asserted.

MEX. REBEL CHIEFS JOIN FORCES WITH VILLA

Washington, Sept. 26.—Information that all the revolutionary leaders in Mexico, with the exception of Felix Diaz have accepted Francisco Villa as their chief and placed at his disposal their men, munitions and money, has reached Washington through a Villa courier who left the revolutionary headquarters in Durango about two weeks ago.

AMERICA'S HOPE OF PEACE IS NOT FOUND IN LEAGUE

Senator Cummins Says Covenant Must Inevitably Provoke War If America Adopts It.

Washington, Sept. 26.—"When President Wilson ended his work at the Paris peace conference, the United States had not a friend in Europe, Asia or Africa and our brilliant service in the war was almost forgotten in the storm of protests which followed him as he sailed for home," Senator Cummins Republican of Iowa, declared today in an address in the senate attacking the League of Nations covenant.

"The only thing the President brought with him which was joyfully received in America by multitudes of good people," Senator Cummins said, "was a covenant for a League of Nations, and this only because these people believed, many of them without inquiry, that the league would bring peace to a war-weary world and would maintain it in all the years to come."

"Gradually they are beginning to see the tremendous burdens we are asked to assume and gradually they are understanding that there are some provisions in the covenant which must inevitably provoke war."

Condemning dispositions of Shantung, Senator Cummins said he wanted to receive the American republic "from the eternal ottom of the Shantung crime" and "from the disgrace of passing over 'Thrace to Bulgaria'."

"If America," he said "is shackled to the proposed League of Nations just as it is written, she will go blindly and blunderingly into the future, incapable of guiding her own people safely through these dark and difficult days."

ENGLISH RAIL WORKERS WILL STRIKE TONIGHT

Conference Between Employees and Government Fails To Adjust Differences—Walkout is Ordered.

London, Sept. 26.—The conference between the railroad men's representatives and the government for an attempted adjustment of differences on the wage question today resulted in failure and a strike one the railroads has been ordered to take effect tonight at midnight.

The strike will affect probably more than 600,000 men. The government has arranged to have the mails carried by airplanes and to have large motor cars from the government service made available for the conveyance of supplies to the large towns which will be seriously affected.

The locomotive engineers have announced that they would join the strike but it is stated that the government has arranged to have many men who drove engines during the war to make runs on the principal train service routes.

President Wilson Ill; Cancels Remaining Engagements of Trip

NERVOUS REACTION AFFECTS DIGESTIVE ORGANS, PHYSICIAN ANNOUNCES AND ORDERS SPEAKING TRIP ENDED FORTHWITH.

LEAVES WICHITA THIS MORNING TO RETURN TO HOME IN CAPITAL

President Reluctant to Conclude Trip But Dr. Grayson Insists—Strain of Past Year Responsible For Condition Secretary Tumulty Announces.

On Board President Wilson's Special Train, Sept. 26.—Resting quietly in his private car, President Wilson was described as feeling slightly better this afternoon. Although he was up when his train left Wichita, Kansas, Dr. Grayson persuaded him to lie down during the afternoon. It was declared his condition was not at all critical.

Wichita, Kan., Sept. 26.—President Wilson today cancelled the remainder of his tour under orders from Admiral Cary T. Grayson, the president's physician and will return to Washington direct from Wichita. Admiral Grayson gave illness and physical exhaustion as the reason for his action.

Although it was said there was nothing critical about the president's condition, Dr. Grayson, declared a nervous reaction affecting his digestive organs made suspension of his trip imperative.

Mr. Wilson was ill most of last night and the decision to return at once to the capital was reached just before his train arrived in Wichita. The president himself wanted to continue his speaking program but Dr. Grayson would not permit it.

The President's address which was to have been delivered at the Forum Building this morning was cancelled. The presidential train did not pull into the station at Wichita where a large crowd was waiting to welcome the President. Although he wanted to at least greet the people here, Dr. Grayson would not permit him to leave his private car.

Secretary Tumulty issued the following statement:

"The President has exerted himself so constantly and has been under such a strain during the last year and has spent himself without reserve on this trip that it has brought on a nervous reaction in his digestive organs."

"Dr. Grayson, therefore, insists upon the cancellation of his remaining appointments and his immediate return to Washington, notwithstanding the President's earnest desire to complete his engagements."

Leaving Wichita at 11 o'clock today after a short rest, the President's special train will reach Washington Sunday morning. It will go by way of Kansas City and St. Louis.

Although outwardly the President appeared to be standing well, the hard ordeal of more than three weeks of travel and speech making, it became known today that for some days he had suffered from headache. He also has been much fatigued by the confinement of his special train, interrupted only by brief stops which have been spent mostly in riding through crowds and speaking to audiences so large as to require all his exertion to make his voice heard.

Mr. Wilson has made nearly 40 speeches since he left Washington on September 3 and has spent, but about half a dozen nights on the train. Five addresses remained on his uncompleted schedule. After the two today, he was to have spoken in Little Rock, and Memphis tomorrow and in Louisville Monday morning, returning to Washington on Tuesday.

It was declared by members of the President's party that one of the ordeals which seemed to be most trying on his nerves has been the automobile parades through the cities he has visited. He has traveled many miles standing in his car and waving his hand in response to the cheers of welcome.

This feature of the trip also apparently has been very trying to Mrs. Wilson, who has accompanied him wherever he went, and who, during the last few days has shown evidences to being anxious for the strain to end.

It is pointed out that the President's position were not revealed, but it was indicated that he had a slight touch of indigestion. Dr. Grayson thought it would pass away quickly if Mr. Wilson remained quietly in bed, but said he would insist upon absolute rest.

NEGRO MAKES PLEA BEFORE EXECUTION

Columbus, Sept. 26.—Breaking his silence of several days at the eleven hour, James Morgan, 31, Williams county negro, who went to his death in the electric chair at the Ohio penitentiary this morning, unvisited by relatives or friends, pleaded pitifully for mercy.

Ward Thomas, he standing elector of one of the most touching of recent years. Morgan was convicted of the murder of Aleck Grunt, Washash railroad conductor, following an altercation after Morgan claimed he had been carried past a designated point.

BIG LATONIA STAKE IS SET FOR OCT. 11

Louisville, Ky., Sept. 26.—The \$50,000 Latonia championship stakes said to be America's richest race will be decided at the Latonia race course Saturday, Oct. 11, according to officials of the Kentucky Jockey Club. Announcement of the date had been withheld until details of the world's series baseball games were made known in order to avoid conflict with those dates. The race is for three year olds at one mile and three quarters.

HORSE RUNS AWAY S. S. FINNEY IS HURT

S. S. Finney, 65, living on the Mt. Vernon road, was seriously injured in a runaway accident near his home this morning. Finney had prepared to deliver milk to Newark, and as he was about to start, the horse became frightened, running away. He was thrown out of the buggy but his clothing caught and he was dragged. He suffered a compound fracture of the left leg, the bones protruding through the flesh. The Crisis ambulance brought him to the City Hospital, where Dr. P. H. Cosner, assisted by Dr. William Shrontz attended him.

BIG STEEL FIRM BULLIES WORKERS STRIKE IS RESULT

Gompers Tells Senate Committee Steel Companies Are Reaping Harvest Sown Years Ago.

Washington, Sept. 26.—After hearing Samuel Gompers, president of the American Federation of Labor, for more than three hours, the senate committee investigating the steel strike today abandoned its plan to examine tomorrow William Z. Foster, secretary of the steel workers committee, who has been attacked in the house of representatives as a radical and a I. W. W.

Chairman Kenyon announced that the inquiry would not be resumed until next Wednesday when Judge Elbert H. Gary, chairman of the board of directors of the United States Steel Corporation will be heard. He gave no reason for not hearing Foster tomorrow, said later that Foster will be called before the committee at some future time.

The right of the employees to some voice in determining the conditions under which they work is the paramount issue in the strike of the steel workers. Mr. Gompers told the committee today. Appearing as the second witness for labor, Mr. Gompers was first asked by Chairman Kenyon to define the issue in the controversy.

"The right to be heard is what the steel workers are asking above all else," Gompers said.

"The right to speak with their employers through their own representatives, to have some voice in determining conditions under which they work. The right of workers to association has been denied with all the power and influence and wealth of the steel corporation, denied by brutal and unwarrantable means."

"It has been said that most of the men taking part in this strike are of

GARY REFUSES TO MEET UNION MEN FOR ARBITRATION

Says Questions Involved Are Higher Than Interests of Steel Corporation Breaks Long Silence.

New York, Sept. 26.—After being shown an Associated Press dispatch quoting John Fitzpatrick, director general of the steel strike, as saying the walkout would end immediately if the United States Steel Corporation would arbitrate differences, Elbert H. Gary, director general of the corporation, declared in a statement last night, speaking for himself, that he believed the board of directors "cannot negotiate or confer with Mr. Fitzpatrick or his associates."

Mr. Gary was shown the dispatch while he was attending a dinner given here last night by Baron Kondo, president of the Japan Mail Steamship company, and was asked to make a comment. Breaking the silence he has maintained since the beginning of the strike, Mr. Gary wrote a statement while seated at the table and then, calling the newspaper men into the hall, read it to them.

"The board of directors of the United States Steel Corporation are the representatives of nearly 150,000 stockholders, including from 60,000 to 70,000 employees," said the statement. "We are their servants and are selected to represent and protect their interests, and also the interests of all our 250,000 employees, the majority of whom, I think, are not members of labor unions."

"Moreover, I believe our corporation is under great obligations to the general public concerning the issues involved in the pending strike. In these circumstances I would not at present assume to answer the question propounded to me."

"However, will say for myself that questions of moral principle cannot be arbitrated nor compromised and in my opinion such questions are included in the present unfortunate struggle. I also think we cannot negotiate or confer with Mr. Fitzpatrick and his associates as union labor leaders concerning our employees whom these gentlemen have volunteered to represent."

Mr. Gary, who was the principal speaker at the dinner, referred in his address to the brief session he had with the newspaper men.

"My mind is somewhat perturbed by an incident which occurred during the course of the dinner," he said, and after reading the statement he had issued, continued:

"Now you as part of the general public, must approve or condemn what I have been called upon to say. I can only say that you who know the issues involved know full well that if the strike succeeds it probably will be the beginning of an upheaval which might bring upon all of us grave and serious consequences. And you know that the questions involved in this strike, which is led by Power, are higher than the interests of the United States Steel Corporation."

Mr. Gary, who was greeted warmly when he was introduced, received added applause when he referred to the subject of "radicalism."

"We do not know what is in front of us," he said. "I am not an alarmist. I am an optimist. Certainly I have the good sense to speak optimistically on pessimistic subjects. But I want to say this is a very serious period in the world's history and I hope it is not critical. I hope these shamless references to the distribution of propaganda dealing with the doctrines of anarchy and Bolshevism have been exaggerated. But there is such propaganda and there are men, I am told, distributing literature of the I. W. W., receiving their pay from funds sent here by Russia. We must open our eyes to the situation and protect our property and social structures against them."

The rest of his address Mr. Gary devoted to discussion of the Shantung question, asserting that while "it is easy to criticize an individual or a nation, especially if we are not familiar with all the facts," he thought it "expedient and necessary for Japan to state the time and terms with respect to her future disposition" of the province. Mr. Gary added that he was not familiar with all the facts, but he thought it "expedient and necessary for Japan to state the time and terms with respect to her future disposition" of the province. Mr. Gary added that he was not familiar with all the facts, but he thought it "expedient and necessary for Japan to state the time and terms with respect to her future disposition" of the province.

THE TORY ELEMENT.

In every country there is always a large element that does not move with the currents of the times. Vast changes may take place in popular sentiment and belief, but those people are not aware of it. They still think in the terms of a generation ago. They imagine that the social beliefs and customs of 25 years ago are still in existence and will remain permanently so.

When this country secured its independence, people of this type of mind were called Tories. They had been comfortable and prosperous under the German descended king then governing the British Empire. They did not feel the ground swell of power and self assertion that was loading the new republic to assert its independence and shape its own destiny. They remained loyal to a past order, and were overwhelmed in the rising tide of Americanism.

So this country has today its Tory element, who like their namesakes of old cling to ancient and outgrown ways of thought. Today these people cling to the old idea concerning wealth. They think that the capitalist has the right to run his own business in his own selfish way, regardless of his duty to the community, without thought of service to the community and the welfare of his workers.

Whereas modern sentiment has reached the point where it sees that the only justification of a business is its service to the community. If it can't work for the welfare of the community by producing a condition of welfare among its workers, and by offering its product at a fair price, it is not serving the community. Sooner or later its character will have to change, or it will be swept out of sight.

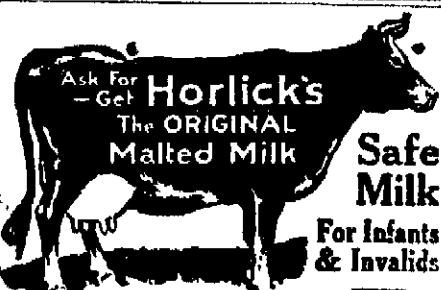

The Tory spirit is very powerful in the Republican party. You can see evidences of it in almost any day's debate at Washington or on the stump.

COLLEGE EDUCATION.

These are times when manual labor is highly paid and many highly educated men secure only a pittance. One might think that college education would be at a discount. Yet the colleges seem to be opening this fall with large classes. The authorities at Greenville say this year's attendance at Denison will exceed previous records.

It is fortunate that it is so. There is great danger that the younger generation will concentrate its entire thought on the making of money. Colleges are places where there are other things besides money. They teach good citizenship, high ideals of community service.

Formerly the colleges produced principally readers and thinkers and men of a philosophical and analytical turn of mind. They were familiar with

all the beauties of literature. They were well trained for such a profession as the law, and able to make exact definitions of fundamental principles. But when it came to action, they had had no training for it.

The colleges of today should still teach literature, that their graduates should have higher resources than eating and drinking and sport. But they should prepare their graduates to become men of action. History should be emphasized perhaps more than any other one study. It is by familiarity with human experience that wisdom comes. History arouses ambitious young men to follow the footsteps of the great, and it helps them avoid fatal errors.

Young men who expect to go into business should be given carefully prepared courses in economics, directed not by theorists, but by men who themselves have had business experience. They should learn organization, management, efficiency methods, so that they could themselves take charge of business enterprises. Men who have this practical knowledge combined with the high ideals and principles of liberal education, are what is wanted now in the business world.

ADVANCE IN LIVING COSTS.

Widely different claims are made as to how much the cost of living has advanced. In some places it is said to have gone up 125 per cent. But some authorities claim the advance to the average family has been not over 50 per cent.

The U. S. Bureau of Labor Statistics shows that food prices averaged 55 per cent higher for the United States in April 1919 than in April 1913. But any set of statistics is somewhat misleading. Statistics are compelled to take a certain set of articles, and find out what advance has taken place in those articles. Yet the people may have been able to use substitutes for these articles to a considerable extent, so that the actual cost of running a family is not so much.

Figures may show that sirloin steak has risen by a large percentage. Yet millions of people who used to buy steak of this grade exclusively, are now buying other cuts of meat for not much more than they used to pay for sirloin, and are getting substantially the same nutriment.

Similarly with many people who used to have meat two or three times a day, but have learned that they are as well off to eat less meat and more vegetables.

The popularizing of the "cash and carry" idea, of saving expense by asking people to take their own bundles home, has cut costs in many localities. The people have learned to study newspaper advertising more carefully and get the advantage of special seasonal and other bargains. While the advance in living costs has been a very trying experience, a wise and thrifty family can dodge it in part. There is no need of having a family budget increase by the full amount that a statistical comparison of fixed articles show.

Among the people who help put up the cost of living, are those who get scared for fear the prices are going still higher and who rush into buy long before they need them.

As soon as a new piece of hard road is built, the automobiles run on it at high speed to see how fast they can tear it out.

Milady's Boudoir

Swimming Indoors.

Water is an excellent tonic and a health builder whether used externally or internally. Half an hour's vigorous swim in an indoor tank for the fall and winter season, followed by a few minutes brisk exercise and a quick walk home, will be of great benefit to both the beauty and health of the average woman.

Swimming affords the form of exercise that women, and many girls, need especially. It is so enjoyable and refreshing that the physical exertion required is not at all monotonous. Like many forms of exercise swimming will reduce excess weight or increase it as needed. There is nothing more beneficial to the general health than a good swim. The motions of the body necessary to propel one through the water develops the muscles of the arms, legs, back and chest. There is nothing better in the form of exercise for straightening round shoulders and for correcting faults in walking due to weak back. Deep breathing is absolutely necessary for a swimmer. The diaphragm and chest expand by the regular inhalations until the muscles become firm. All this causes pure blood to pass into the lungs and through the body. Care should be taken not to swim until a full hour after eating, never to remain in the water after you become tired and never to overdo.

Amateurs should be careful in diving, for the plunge is liable to be injurious to the muscles until they become firm. Swimming is an art that cannot be mastered in a day, but while you are learning you will be acquiring beauty and health as well.

Our Boys and Girls

Some babies inherit a tendency to nervousness and some manifest nervous symptoms very early in life. The brain of an infant during the first year grows as much as the whole rest of its life. Therefore peaceful and quiet surroundings are essential to the baby. The chief factor, however, in a nervous or excitable baby is a nervous mother. Babies are very sensitive little creatures and feel at once the influence of persons who have charge of them, especially the mothers.

The successful nursing of a breast fed baby lies much more with the condition of the mother's mind than with the kind of diet she takes. A highly strung, nervous mother can very seldom nurse her baby successfully. A nervous baby is harmed by spoiling more than a calm and placid one. Absolute regularity in every detail of the baby's life should obtain. He should not be exhibited to many strangers.

He should never be played with or excited while he is under six months of age, and even then should only have a few minutes play after the morning nap. He should not be tossed in the air, tickled or made to scream with nervous laughter. This may be fun for the adult but the poor baby has to suffer for it.

Every Day Etiquette

"I have been going with a young man for a long time, a little time ago we had a misunderstanding and he has a ring or mine which I want. Should I ask him for it or should I write and tell him to send it to me?" inquired Midge.

"You are in the position that many girls find themselves who give rings to boys. If you want to sever all connections with the boy, write and ask him to return the ring," helped her older friend.

HOW CANDY RELIEVES THAT "TIRED FEELING"

When you wake up in the morning with that "tired feeling", it is caused, nine times out of ten, by impaired digestion, sluggish bowels and inactive liver.

Parola Tablets—"The Doctor in Candy Form"—are delicious, palatable little tablets of peppermint flavor without the slightest taste of medicine. They are a mild, easy-to-eat, pleasant but thoroughly effective laxative and leave no harsh or weakening effects.

Parola Tablets keep the bowels clear and the liver active; help purify the blood; drive away that "tired feeling" and make you feel like a new person. They are good for young and old alike. Children ask for them and grown-ups learn what real health is through their use.

These remarkably tasty, appealing and appetizing mint laxative tablets should be kept in every home at all times. Try them tonight yourself by eating two before retiring and see how much better and full of pep and life you will be in the morning. Get them at any drug store in 25c, 50c and \$1.00 boxes; or the trial size, 10c.—Adv.

AMERICAN'S CREED ADOPTED BY ELKS

At the recent convention of the Grand Lodge of the Benevolent and Protective Order of Elks, held at Atlantic City, N. J., the following resolutions were unanimously adopted:

Whereas, the "American's Creed," which has been accepted by the National Publicity Committee on behalf of the United States, contains within itself expressions of patriotism and loyalty, which cannot help but inspire every true American citizen, and

Whereas, members of the Benevolent and Protective Order of Elks should be ever ready to exemplify the principles set forth in said "American's Creed," which is as follows:

I believe in the United States of America as a Government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign States; a perfect union, one and inseparable, established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag; and to defend it against all enemies.

Resolved: That the recommendation of the Grand Exalted Ruler that the said "American's Creed" receive the approval of the Grand Lodge, be adopted; and further be it

Resolved: That the incoming Grand Exalted Ruler be empowered, if in his judgment it is deemed expedient, to suggest to Subordinate Lodges that members and initiates on the night of initiation subscribe to said creed in unison following its reading by the Exalted Ruler of the Lodge.

Whereas, the American flag is the emblem of our free government, where in rights of persons and property are forever guaranteed by written constitution, and there appears to be a world-wide movement to subvert and destroy these rights by certain organizations and individuals through actions and propaganda inimical to our free American government and dangerous to our institutions; and

Whereas, the Benevolent and Protective Order of Elks is distinctly American, advocating and supporting the constitution and flag of our country, and condemning all things and all persons that are in any degree, or in any manner opposed thereto;

Now, Therefore Be It Resolved that the Grand Lodge of the Benevolent and Protective Order of Elks, in annual session assembled, does hereby pledge this Order to use all lawful means to check and prevent the extension of the dangerous doctrines that threaten our free institutions and our flag, and that no person shall be permitted to join or remain in our Order who openly, or covertly, directly or indirectly, gives aid, comfort, or support to the doctrines, practices, or purposes of the Bolshevik, Anarchists, the I. W. W., or kindred organizations, or who does not give undivided allegiance to our flag and the great principles of our national free government of which it is the emblem.

SAY JAPS VIOLATING IMMIGRATION PACT

Washington, Sept. 26.—Japan is violating the immigrant barriers to this country, intended to be raised by the so-called gentlemen's agreement, V. S. McClatchy, of Sacramento, and Miller Freeman, of Seattle yesterday told the house immigration committee they urged adoption of a policy of absolute exclusion by the United States and the deportation of Asiatics already in the country.

The committee is considering immigration condition. Mr. McClatchy declares the situation on the Pacific coast was only an example of what would happen elsewhere, finally resulting in the U. S. being made a Japanese province.

SAYS PHOTOGRAPHERS THREATENED BOYCOTT

Cincinnati, Sept. 26.—Twelve photographers in Cincinnati are joined as defendants in a suit for \$20,000 damages filed in common pleas court yesterday by Lawrence A. Benschler, photographer. He alleges that an attempt to compel him to join the Photographers' Union has been made by the defendants on persons representing them, to ruin his business. He says it has already been damaged to the amount for which he sues.

SPRINGFIELD JURY URGES FOOD PROBE

Springfield, Sept. 26.—Besides returning seven indictments on transcript cases the grand jury in its report Thursday suggested that the next grand jury conduct an investigation of food prices, profiteering, illegal storage of food products and any illegal combination or trust to determine if prevailing in Clark county. The next grand jury will meet the first week in October.

KING ALBERT TO VISIT CINCINNATI OCT. 26

Cincinnati, Sept. 26.—Sunday, October 26, is the date set for the visit of the King and Queen of Belgium to Cincinnati. Word to that effect was received by Mayor Calvin yesterday in a telegram from William Phillips, acting secretary of state. He adds that the royal pair desire to have their visit and reception marked with simplicity.

BLAME SONNINO FOR PRESENT FIUME TROUBLE

Rome, Tuesday, Sept. 23.—The responsibility of Baron Sonnino, former minister for the present Fiume situation is attacked by the Corriere Della Sera of Milan in retaliation to demands, for the head of Premier Nitti by newspapers favorable to Baron Sonnino. They asked for the resignation of the cabinet, maintaining that Premier Nitti and foreign Minister Tittoni betrayed Fiume, "is an injustice and lie," says the newspaper. "Such an attitude in unjustifiable when it is taken by men who adhered to the pact of London in which was included a clause giving Fiume to the Croats."

THIEVES GET \$7,000 WORTH OF FINE FURS

Lima, Sept. 26.—Another big robbery occurred here when thieves raided a store owned by Lewis Schwartz and made away with more than \$7,000 worth of furs. Burglars are believed to have rented the room above the store and gained entrance in that manner. Lima has had an epidemic of burglaries, 1, and small during the past ten days.

WARREN STEEL MEN VOTE TO QUIT JOBS

Warren, Sept. 26.—Members of the Amalgamated Association of Iron, Steel and Tin workers at a special meeting yesterday voted to call an immediate strike at the Trumbull Steel company and Liberty Steel company plant here. Both plants were forced to close down Tuesday evening because of a shortage of laborers.

HOUSE REFUSES TO TAKE ACTION ON FIUME

Washington, Sept. 26.—The House Foreign Affairs committee yesterday tabled a resolution by Representative Husted, Republican of New York proposing that the house go on record as disapproving the use of American military or naval forces at Fiume.

YOUNGSTOWN PUTS LID ON ALL NEAR BEER

Youngstown, Sept. 26.—The police have forbidden the manufacture as well as the sale of near beer, closing down two breweries employing, it is said, 500 men. Proprietors of near beer saloons had protested against the closing order issued to them while soda fountains could continue sales.

RURAL CARRIERS VOTE TO DELAY LABOR ACTION

Dayton, Sept. 26.—The National Association of Rural Carriers meeting in convention here, voted yesterday by 171 to 42 to postpone action for one year on the question of affiliation with the American Federation of Labor. The question will be referred to state conventions in 1920.

SEEK BIG CORN YIELD.
One hundred farmers in Ohio are striving to raise one hundred bushels of corn to the acre this season. They are entered in the men's 10-acre corn contest, conducted by the Ohio State University. The yields are based on shelled corn reduced to a moisture content of 20 per cent. Members of this contest are automatically entered in a contest conducted by a farm paper of national circulation, offering 18 medals and \$10,500 in cash.

BOOK FOR FARM HOME.
Lists of modern fiction, miscellaneous works of interest, and books for boys and girls are contained in a bulletin on "Reading in the Farm Home," just issued by the Agricultural College Extension Service, Columbus, Ohio. General suggestions on reading and the purchase of books are included. The bulletin may be had without cost.

AMUSEMENTS

AUDITORIUM

"We Can't Have Everything."
The contention of pessimists and syn-
copes in these "lonesome latter days" that
are living too fast, that we never are
satisfied with what we have and contin-
ually cry for the sun or moon, or
something else that is unattainable, is
exemplified in "We Can't Have Every-
thing," the new Cecil B. DeMille photo-
play production for Artercraft based upon
Rupert Hughes' celebrated novel, which
is presented at the Auditorium theatre today.

This picture is a special Cecil B. De
Mille production of the highest stand-
ard, and the various roles are portrayed
by a practically all-star cast of screen
players. This feature will also be
shown from 1 until 3:30 p.m. Saturday.

Uncle Tom's Cabin.

Kibbles' "Uncle Tom's Cabin" will
play the Auditorium tomorrow after-
noon and evening, but owing to the late
arrival of company, the performance
will not start until 3:45 and so as to
keep the crowds that are expected in
good humor, Manager Fenberg has ar-
ranged a picture program to be given
from 1 p.m. until time of starting the
drama.

This will give all a double program
for the afternoon and one price of ad-
mission will admit all a car load of
special scenery and effects. Topsy, Eva,
the bloodhounds etc., are all promised.
Seats are now selling for the evening
performance which will start at 8:45
p.m.

Sousa's Concert.

Sousa and his American Band will be
the Auditorium attraction Sunday after-
noon, at which time he will be heard
in a wonderful musical program. This
band this season is doing record break-
ing business and no doubt Newark will
turn out in full force to see this great
leader. The Band comes to Newark
from Wheeling and is heard at Memori-
al Hall, Columbus in the evening fol-
lowing the Newark concert.

Seats are on sale now and from pres-
ent indications S. R. O. will rule.

"God's Outlaw."

The strong current of the Enfield
river was responsible for an exciting
adventure in which both Francis X.
Bushman and Beverly Bayne partici-
pated.

These popular stars, seen in the stir-
ring metro drama "God's Outlaw" at
the Auditorium theatre on Sunday next,
were mounted on spirited horses ready
to cross the swift little river for one of
the important scenes of the drama.
Director Cabanne was amazed to see
both horses on which his stars were
seated lose their footing and be rapidly
swept down stream.

His fears were groundless however,
as both Mr. Bushman and Miss Bayne
had regained control of their mounts
and though they had been swept from
their saddles were calmly holding on
to the horses who soon made the oppo-
site shore in safety.

"A Temperamental Wife."

Girls who have decided to marry men
who are interested in women and who
will not even speak to or look at other
women after marriage, may benefit by
the experiences of Billie Billings, in "A
Temperamental Wife," starring Con-
stance Talmadge and which will be
seen at the Auditorium theatre Monday
and Tuesday.

Miss Talmadge plays the role of
Billie Billings, strongly determined to
marry only a man who is averse to all
women. She finds this person in Sena-
tor Newton of Nevada, a rather timid
bachelor who is so bashful and of a
type so exactly like her "ideal" that
she determines to marry this son of
carelessness. But cost. Unlike other court-
ships, Billie becomes the suitor and the
bashful gentleman from Nevada does
his best to keep from entangling do-
mestic alliances.

ALHAMBRA.

"The Stronger Vow."

Most powerful of all Geraldine Far-
rar's screen achievements is her new-
est Goldwyn production, "The Strong-
er Vow," a thrilling, modern drama,
laid in the picturesque Pyrenees and
in the haunts of the Apaches in Paris.
Never before have the remarkable
talents of the international celebrity
been given such wide scope, nor have
her cinema admirers ever been en-
thrilled as Goldwyn confidently pre-
dicts they will be by her latest screen
offering—a vehicle replete with situa-
tions that demand test after test of
Geraldine Farrar's dramatic powers.
This feature is seen today and to-
morrow at the Alhambra today and
tomorrow.

"The Trap."

To make a choice between two men
who profess to love her is one of the
ordeals that many women have to face.
That is the situation that confronted
Jean Carson, a pretty school mistress
of the frozen north. Ned Fallon, one
of the brothers, was the truest-hearted

Lilla Lee.

For fun seekers, Mrs. Fenberg has
arranged to present at the Alhambra
next Monday and Tuesday Lilla Lee,
clever little Paramount star, who will
be seen in the photoplay, "The Cruise
of the Make-Believes." This is a pre-
tly romantic comedy drama and Miss
Lee is at her best as dis supported by
a really clever cast of players. Current
Events will also be shown.

LYRIC.

"I Shaffer, the original jazz baby of
the south, is drawing large audiences
to the Lyric this week. She is singing
herself into wonderful prominence and
is liberally encored every time she
sings. Billy Malone, Lou Mack and
Johnny Goodman are also getting
their share of the applause. The bill
changes today when "The Passing

GRAND.

This evening will be the final pre-
sentation at the Grand of "His Debt,"
presented by that clever Japanese
actor, Sessue Hayakawa, assisted by
Miss Jane Novak. The story is one of
an exclusive gambling house proprie-
tor who is cold and relentless in his
dealings, but has one qualification for
which he is admired—he insists that
all debts be paid, whether he owes
them or whether somebody else owes
him. Billy West is appearing in a
good comedy, in connection with the
feature.

AFTER SUFFERING A WHOLE YEAR

Mrs. King Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Iola, Kansas.—"I was a constant sufferer from female trouble for about a year. I had pains in back and stomach, in fact all over me, and was all rundown. A friend of mine was cured of the same trouble by Lydia E. Pinkham's Vegetable Compound. I took it and it gave me health and strength and made a new woman of me. I cannot praise your Vegetable Compound too highly, and you may publish my testimonial as it may be the means of helping some other suffering woman." Mrs. IRENE KING, 105 West Campbell Street, Iola, Kansas.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, is proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, ready to bring you health and may save your life.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to taste. Anyone who has Catarrhal Deafness or has head noises should give this prescription a trial. T. J. Evans.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive. This simple remedy has never been known to fail.

MUTT AND JEFF ARE COMING

The famous Mut and Jeff pictures by Bud Fisher will appear in the Advocate beginning next Monday. Sent 29. This newspaper has obtained the right of publication of this celebrated feature and takes pleasure in announcing that Mut and Jeff will "come to town" next Monday.

UTICA, E. D. NO. 2.

Mr. and Mrs. Frank Larrimore of Akron and Mrs. Mary Larrimore of Mt. Vernon visited with Mr. and Mrs. H. H. Spiker last week.

Miss Mary Helphrey went to Bethany, W. Va., Monday, where she enters her second year in college.

Biscellaneous shower in honor of Mrs. Rosa Parlett Westlake at Chatham Saturday night.

The Burlington Township Road officials are improving the Mount Vernon and Granville road with a liberal application of gravel.

Mr. and Mrs. Roy Christmas of Homer and Mr. and Mrs. Ruby Chrisman of Mount Vernon visited with Mr. and Mrs. W. A. Chrisman and family Sunday.

The Boys' and Girls' Pig Club contest at the county fair was a decided success, there being 32 fine pigs shown, thirteen of them from Washington and Burlington roads.

The Utica Banks had offered \$100.00 for these two townships, dividing the premiums so that each contestant would receive some money. The first prize was \$20.00 and the lowest was \$3.00.

The County Fair Board offered four prizes and together the awards were as follows:

Leona Edman of Utica \$25.00 and trip to Farmers Week at Columbus.

Pauline Towner of Jackson town 2d.

Ralph Dush of Utica 3d.

Mary Lovard of Utica 4th.

Leona Edman won first in Washington and Burlington, with trip, also first in the county.

Last year Harriet Smythe of Burlington drew first, with trip and this township is now in line for banner in 1920 and will make a strenuous effort to win.

Washington and Burlington townships certainly made a fine showing, carrying away most of the prizes. Watch them in 1920 for the people know now that we know how to raise pigs.

Milady's Boudoir

Gracefulness. If a girl is untrained to exercise how can she be graceful? There is surely no excuse for a girl who may gain physical loveliness through exercise, to be awkward and clumsy in her movements.

A beautiful figure should be the model for splendid clothing, materials and gorgeous coloring. Clothing helps to bring ease of movement and consciousness of one's costume is not at all bad for charm of manner. Everything has a direct influence on the mind, and the mind thinks so will the body respond.

Be graceful and charming in your thoughts in order to have your healthy body reveal what you are thinking, but, above all, don't be afraid to start at the beginning. You must go about building up your figure by a regular systematic system of exercise. Learn how to exercise so as to put all of your mind upon it and make it the center of your thought. After you have attained what you set out to possess keep the loveliness by still more vigorous work and play.

If you are so situated that you cannot afford to purchase expensive gowns, do not for an instant neglect the things are prevented thereby from making the most of your appearance. Beauty of form depends, it is sure, something on the manner in which you dress, but simplicity always has a recommendation of its own.

The girl, rich or poor, who has acquired the art of being graceful, gives a constant reminder that her body is the expression of glowing health, and what is so prized as health?

Our Boys and Girls

Happy is the child who is brought up with the right ideas about work. He or she is on the right road, a road to usefulness. Our philanthropic workers, our practical reformers are quoting statistics very freely to show that one very prolific source of crime among the young is idleness.

All work and no play make Jack a dull boy, but all play and no work is apt to make him a mischievous boy. It takes but a short cut through facts to see that the boy who is brought up to work, as the old fashioned people put it, has little time for getting into mischief and little unused energy to use in that pursuit.

Work may seem to be a hardship now and then, may mean some rather rigid self denial for young people, but idleness also brings hardship, sorry shame, full of grief, of pain, of sorrow and hopelessness. A sense of self reliance and ability is in essential to strong character and it helps one to look into the future without fear. The habit of industry, the purpose to accomplish something, is a rich inheritance.

Every Day Etiquette

"My oldest sister is to be married next month. What can I give her? Shall I give her husband to be something, too?" asked Mary.

"Give your sister and her fiance something for their new home. A pretty piece of silver, china or linen would make a nice gift," helped her teacher.

When Shopping --- Your First Duty Is To Visit This Store

THIS isn't selfish advice. It isn't printed for the purpose of corraling you and your well earned dollar. It isn't an announcement of trade, but an announcement of aid.

You have a moral contract with the husband, or father, or brother who foots the bill. You have an economic obligation to the children, or sisters, or parents whose welfare you are watching.

You have a duty, whether you are the spender or the defender in your home. Every penny should be zealously guarded and guided. Every dollar should be made to buy to its fullest.

We are not asking that all you spend be directed to this store. Not by any means. That would be a selfish and unfair spirit. We merely ask you to come here first. Go, then, where you will—but use us, and our methods, and our service, and our merchandise, and our prices as bases for comparison.

Whether you return to this store is a matter that your judgment must decide.

Suits and Coats That Show The Trend of Fashion

IMAGINE A SHOWING OF 1000 COATS

Picture in your mind a ready-to-wear department over 100 feet long with one entire side filled with ladies' and misses' coats. Perhaps you'll say to yourself that such stocks are not to be found in Newark, that the stocks of two or three stores combined would not equal such an assortment, but such a stock does exist, as you'll readily see when you come here to select your new coat. Naturally, in a showing of over 1000 garments every new and desirable style and material is to be found, and because of quantity buying, values are incomparable.

AN ENDLESS VARIETY OF NEW SUITS

We underscore the word new because the majority of these suits have just been received from our New York buying office. They are typical Fifth Avenue and Broadway models, developed in Tinseltown, Silverstone, Velour Checks, Wool four, Gabardine, Poiret Twill, Wool Poplin and Men's Wear Serge. Women who are interested in the newer style motifs will welcome these recent arrivals as they are entirely different from the models shown earlier in the season. The price range is surprising, as we have catered to the dictates of every purse and income.

Sinsabough Closes Mill.
The R. B. White Lumber company of Newark has purchased the James Sinsabough lumber yard at Utica, and for the present will continue to conduct the business. At Utica it is stated Sinsabough expects to retire from the lumber and planing mill business and that the mill machinery is on the market. He has been engaged in business in Utica for the past 50 years.

Observes Birthday Anniversary.

O. C. Jones is celebrating the 64th anniversary of his birth today by entertaining his family and a party of friends at the Jones cottage at Buskey Lake. Among the out of town guests are Mr. and Mrs. Willard Warner and family of Washington, D. C., and Mrs. S. B. Jones and daughter Irene of Chicago. George Warner and sister, Mrs. Ellen Updegraff of this city, school mates of the host were also present. The time was spent in social diversions and a launch ride over the waters.

Newark Man is Director.
Stockholders of the Allen Motor company of Columbus yesterday decided to increase the board of directors by five. R. T. Rugg of Newark is a member of the new board.

TWO CHAMPIONS ARE PAIRED IN TOURNEY

Toledo, Sept. 26.—Walter Hagen, national open champion, and James Barnes, western champion are paired today in the first 36 holes of the Ohio open championship on the Inverness links here.
The fact that Hagen and Barnes tied yesterday with 153 for the first 36 holes are indicative of the character of the competition to be looked for and a large gallery is expected to follow the pair.
Another important pairing today will be that of Leo Diegel and Alex Ross of Detroit. Diegel was low medalist yesterday and Ross was second to him, requiring but one more stroke than his fellow townsman.
Barnes entered the Inverness tournament with the record of having won seven out of the last 10 competitions in which he has entered. It is said here to be the first time Hagen and Barnes have met this year.
Other pairings today will be: Bob McDonald and Charles Girard; Alex Cunningham and Charles Lohrnis; Wilbur Gunkins and Elmer Loving; W. C. Sherwood and Granger Alves; John Gordon and Harold Webber; John Rogers and Wilfred Reid; J. S. Carroll and F. M. Waugh; Bernard Carroll and Otto Brockhoff; Roy Robertson and James Brodhy; H. R. Johnston and George Hoskner; M. Melhorn and George S. Ross; J. H. Way and D. K. White; Ernest Gray and J. Macdonald; Frank Southard and Charles Newman; J. F. Smith and Holland Hubbard; Peter Henry and A. Baxter; Ed Miller and D. W. Hutchinson; Harry Lewis and James Law; Jake Schnapp and Walter Nelson; and Norman Hall and H. P. Daek.

NEWARK BOY BECOMES THEATRE TREASURER

H. D. Van Tassel, son of Mr. and Mrs. W. D. Van Tassel of North Thirtieth street, who left Newark over a year ago to work in the adjutant general's office of the war department in Washington, has been appointed assistant treasurer of the new Shubert-Garrick theatre in Washington and took up his new duties September 15. The Shubert-Garrick is the new drawing room theatre of Washington. Van Tassel is associated with another man in the publication of the Garrick theatre program, a 12-page book, and gives a portion of his time to the District National Bank.

1600 MARSHMALLOWS EATEN BY BOY SCOUTS

The largest number of Boy Scouts ever assembled in Newark attended the camp fire and marshmallow roast, held by the Newark council last night. Upon arrival at the fire which was built and burning on the grounds of Walnut Grove farm in the Welsh Hills, it was found that there were 140 men and boys present. After the boys were all comfortably seated on the hillside surrounding the fire, they entertained themselves by songs and yells, accompanied by a portion of the Boy Scout orchestra.

S. E. Alban, president of the local council, was asked for a few words. He gave a few, he said he did not expect the boys were out to hear a speech. He said he did not want to speak, but wanted to enjoy himself as one of the boys.

Each troop put on a stunt of some kind to entertain the others present. The boys got down to the real business of the evening, toasting and eating marshmallows. Sixteen hundred marshmallows were consumed in a very few moments. After the completion of this portion of the program the boys again seated themselves on the hill side and were told something of a Scout summer camp.

Upon return to the city all boys expressed themselves as having had a fine evening. It is hoped that this form of hike will be repeated. However, the next big inter-troop activity of the scouts is to be held during the month of November in competition for the silver loving cup offered by G. M. Fenberg.

NEWARK TEACHERS TO ATTEND DAYTON MEET.

It is probable a large number of the Newark teachers will attend the meeting of the Central Ohio Teachers' association which will be held in Dayton on November 7 and 8.

It is not known whether the schools will be dismissed but the Newark teachers have a 100 percent membership in the organization. Miss Mary Larason of the high school faculty is secretary of the state organization and Superintendent J. J. Barnes is on the executive committee. He is engaged in arranging for the program and the tickets.

The meeting has an annual attendance of between 3,000 and 4,000 teachers.

NO OPINION YET ON NEW BOARD OF HEALTH

Mayor H. A. Atherton is still awaiting an opinion of the state board of health before naming a new local health board. In a number of counties over the state new boards have been named under the Hughes act while in other counties officials refuse to act on account of the expense attached to the organization, the commissioner of health receiving \$4,000 per year and a public nurse \$200. In addition a clerk is provided for and the expense of quarters must also be paid. Under the new law the organization must be perfected by Oct. 10, but if Mayor Atherton receives no instructions he will do nothing regarding the matter.

NEWARK PYTHIANS TO HELP CALDWELL LODGE

The members of Newark Lodge, Knights of Pythias will assist with a big celebration to be held in the court parlor at Caldwell, on Saturday, October 4th.

Nearly five hundred members are expected to go from Newark, and they will stage the educational play "Damon and Pythias." In addition a drill will be given of the members of uniformed knights. The page rank will be conferred on a class of 20 new members by the Newark team.

NEWARK FANS GET TICKETS FOR SERIES

A number of baseball enthusiasts in this city have secured reservations for the world's series games in Cincinnati and today Mayor Atherton was informed by Mayor John Galvin of Cincinnati that two reservations for the first three games and been laid away for him, the price to be \$2.30 per ticket or \$13.80 for the total. There same tickets will be worth a premium of any place from \$10 to \$20 per ticket before the first game is called.

ONLY NEW MEN TO PLAY IN TODAY'S GAME

A large number of the students at the high school went to Granville this afternoon to witness the football game between the Newark school and the Granville high school.

The Newark team plays under a handicap as the agreement for the game stipulates that the Newark team used only inexperienced men and this rules out last year's players.

ENLARGE STAGE IN H. S. AUDITORIUM

The stage in the high school auditorium is being enlarged to accommodate the high school orchestra.

Carpenters are engaged extending the stage over the orchestra pit, and the arrangement is so improvised that it may be removed from the pit, when it is desired for the use of the orchestra. The high school orchestra this year numbers 70 members, the largest in the history of the school.

PACERS RENEW DUEL AT COLUMBUS MEET

Columbus, Sept. 26.—In the rearranged grand circuit program for today, the Arch City 2:10 pacer stake is the feature. In it Goldie Todd and Direct C. Burnett renew their duel of last week. The class events on the card are the 2:10 pace, the 2:18 trot and the second division of the 2:08 pace. The weather is cool and clear and the track fast.

This Year-- September Is the Month To Buy Winter Underwear

STOCKS ARE COMPLETE

But it's a matter of only a short time before some sizes will be gone, and the uncertainty of getting duplicates will oblige one to take what's left. Never were conditions in the wool and cotton market such as they are now. For this reason we have taken on our lines of winter underwear very early, and we urge everybody to
